SECTION A. STRUCTURED QUESTIONS (60 marks)

Answer all question in the spaces provided.

QUESTIONS

1. **Figure 1** below is a diagram showing a breeding system of in livestock. Use it to answer questions that follow:

Daughter X Father

a) Describe the livestock breeding system represented the diagram above

2 marks

b) Explain any one advantage of the breeding system represented in the diagram above

2 marks

c) State any two characteristics of livestock to be selected for breeding.

1 mark

1 mark

2. a) state any two economic importance of fruits.

1 mark

1 mark

b) **Figure 2** below shows a diagram of a mango pest. Use it to answer questions that follow:

i) Identify the pest

_____ 1 mark

ii) Explain any one damage caused by the pest on mangoes

_____ 2 marks

iii) Explain any one way in which the pest can be controlled

_____ 2 marks

3. **Figure 3** below is a diagram showing a farm implement. Use it to answer questions that follow:

a) Describe the source of power for the farm implement

_____ 2 marks

b) Describe any one limitation of the source of power

_____ 2 marks

c) State two ways of improving output from the source of farm power

_____ 1 mark

_____ 1 mark

4a) State any two factors which may affect the seed rate of pasture

_____ 1 mark

_____ 1 mark

b) A farmer planted buffel grass using the information below:

- Seed size 200 000 seeds per kg
- Germination 80%
- Purity 90%
- Expected plant population 800 000 plants per hectare

Calculate the seed rate for buffel grass. Show your working.

3 marks

c) Explain any one importance of pelleting in pasture production.

_____ 2 marks

5. **Figure 4** below shows a human activity which causes climate change. Use it to answer questions that follow:

a) Describe how the human activity above causes climate change

2 marks

b) Explain any one effects of climate change on agricultural production

2 marks

c) Explain any one measure of mitigating climate change.

2 marks
